

Maximising Ewe Potential

***What you see
is not always what you get***

- Identify and track the birth type of replacement ewe lambs.
- Implement culling procedures at marking and weaning.
- Selecting replacement animals with consideration for birth type and ewe age

***"Measuring the ewe's productivity at key times enables us to make better management decisions."
- Kirsty Kennedy, Thrive Agri Services***

Join a Maximising Ewe Potential Group

**Session 1
Pre-marking**

**Session 2
Weaning**

**Session 3
Pre joining**

Keen to make these changes on your farm?

Join a **T90 Team** and implement the practice on your farm with the help of a trainer and others in your team

\$630
+GST

Want to see this done on someone else's property?

Join a **T90 Exchange** and visit a local farm that is demonstrating the practice with the help of a trainer

\$220
+GST

To find out more:

- **scan the T90 QR code or visit www.towards90.com.au**
- **call: *03 5571 9001* or**
- **speak to your local T90 Trainer**
